Choice is good. More choice is even better.

Amwell and MDLIVE are both quality national telehealth providers, so you can choose your care confidently. When you can't get to your doctor, Cigna Telehealth Connection is here for you.

Typically, televisits with Amwell and MDLIVE cost less than going to a convenience or urgent care clinic, and significantly less than going to the emergency room. And the cost of a phone or online visit is the same or less than with your primary care provider. Remember, you should only use telehealth services for minor, non-life-threatening conditions.
