
 **The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, see the Summary Plan Description (SPD) at www.milamhctf.com or call MILA at (212) 766-5700 or by call the phone number on each vendor's I.D. card. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.dol.gov/ebsa/healthreform or www.milamhctf.com or call 212-766-5700 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	<u>In-Network providers</u> : \$400/individual or \$700/family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , the overall family <u>deductible</u> must be met before the <u>Plan</u> begins to pay.
Are there services covered before you meet your deductible?	Yes. <u>In-network</u> office visits, urgent care and <u>emergency room</u> services, maternity professional services, <u>prescription drugs</u> , dental and optical benefits are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply.
Are there other deductibles for specific services?	Yes. All brand name <u>prescription drugs</u> with generic equivalent: \$500/individual; Dental: \$25/individual or \$75/family	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the out-of-pocket limit for this plan?	Medical benefits: <u>In-network providers</u> : \$5,000/individual.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit?	<u>Prescription drug</u> , dental and optical benefits, <u>copayments</u> on certain services, <u>premiums</u> , <u>balance-billing</u> charges, penalties for failure to obtain <u>preauthorization</u> and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. For a list of <u>in-network providers</u> , see www.milamhctf.com to be directed to each vendor's website or call the number on the back of the ID card for each vendor. The plan only pays for <u>in-network providers</u> .	You will pay the entire amount if you use an <u>out-of-network provider</u> . Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a referral.

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
