

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see the Summary Plan Description (SPD) at [www.milamhctf.com](http://www.milamhctf.com) or call MILA at (212) 766-5700 or call the phone number on each vendor's I.D. card. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
<u>What is the overall deductible?</u>	<u>In-Network providers</u> : \$0 <u>Out-of-network providers</u> : \$300/individual or \$600/family	<u>In-Network providers</u> : See the Common Medical Events chart below for your costs for services this <u>plan</u> covers. <u>Out-of-Network</u> : Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
<u>Are there services covered before you meet your deductible?</u>	Yes. <u>In-Network providers</u> : Not applicable. <u>Out-of-network providers</u> : <u>Emergency room care</u> , and optical benefits are covered before you meet your <u>deductible</u> .	<u>In-Network providers</u> : This <u>plan</u> does not have a <u>deductible</u> for <u>in-network</u> services. <u>Out-of-Network</u> : This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>
<u>Are there other deductibles for specific services?</u>	Yes. All brand name <u>prescription drugs</u> with generic equivalent: \$500/family. Dental: \$25/individual or \$75/family There are no other specific <u>deductibles</u> .	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
<u>What is the out-of-pocket limit for this plan?</u>	<u>In-network medical providers</u> : \$6,150/person or \$12,300/family <u>Out-of-network providers</u> : \$6,500/person or \$13,000/family <u>Prescription drugs</u> : \$4,000/individual; \$8,000/family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in the <u>plan</u> , they have to meet their own <u>out-of-pocket</u> limits until the overall family <u>out-of-pocket limit</u> must be met.
<u>What is not included in the out-of-pocket limit?</u>	Dental and optical benefits, <u>copayments</u> on certain services, <u>premiums</u> , <u>balance-billing charges</u> , penalties for failure to obtain <u>preauthorization</u> and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
<u>Will you pay less if you use a network provider?</u>	Yes. For a list of <u>in-network providers</u> , see <a href="http://www.milamhctf.com">www.milamhctf.com</a> to be directed to each vendor's website or call the number on the back of the ID card for each vendor.	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
<u>Do you need a referral to see a specialist?</u>	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All copayment and coinsurance costs for out-of-network providers shown in this chart are after your deductible has been met, if a deductible applies.
